## Sixth National Reports Technical Webinar Series

### Webinar #1: Using the CBD 6NR Online Reporting Tool

*Presented by Alexandre Rafalovitch, CBD Secretariat*

*Facilitated by Christina Supples, UNDP*

Date: 27 March 2018 | Time: 9:00 – 11:00 EDT / New York

The CBD 6NR Online Reporting Tool is designed to facilitate the reporting process. The tool is available in the six UN official languages. It allows multiple national users with one authorized publishing authority to gather all of the relevant information for their report and enter these data online. The use of this tool is voluntary but strongly encouraged. You can access the tool [here](#). During this webinar, we will simultaneously demonstrate how to use the tool in English, French, and Spanish. You will also have the opportunity to ask the CBD Secretariat your questions about how to use it. Be sure to have your country's user name and password available for this webinar. If you do not know it, please contact Monique Chiasson ([monique.chiasson@cbd.int](mailto:monique.chiasson@cbd.int)) in advance.

**REGISTER NOW !**

Registration is simple - [Click here](#). You will be redirected to a registration page and prompted to enter your first name, last name and email. Go-To-Webinar will then send you a personalised link to access the classroom. You must retain this code and use it to access each webinar. You only need to register once and can then attend the webinars in the series that most interest you. What if you cannot make a webinar? Do not worry! Each webinar will be recorded and posted in

the [NBSAP Forum YouTube channel](#). We will also email you links to access each webinar recording after it takes place. We look forward to learning with you!

---

## Speaker

**Alexandre Rafalovitch** is a website officer with the Clearing-House Mechanism of the [Secretariat for the Convention on Biological Diversity](#) since 2011. He has more than 25 years of combined industry and [United Nations](#) experience and bring together technical, substantive and training skills. He is a published technical author and also has a research paper on United Nations resolutions. Photo: LinkedIn.

## Facilitator

**Christina Supples** manages UNDP's national biodiversity and planning initiatives. She works closely with the [Secretariat to the Convention on Biological Diversity](#) and [UN Environment](#), through its [World Conservation Monitoring Centre](#), to support developing and middle income countries, and small island nations, to develop and implement effective National Biodiversity Strategies and Action Plans (NBSAPs) and related National Reports. She has 18 years of conservation planning experience, with a special focus on conservation planning and measures, national reporting, capacity building, spatial planning, protected areas, management effectiveness and rural poverty alleviation.
