

6NR Workshop

Assessment of Progress Towards the Aichi Targets and Use of Spatial Data in the 6th National Reports to the Convention on Biological Diversity

Workshop at the CBD Open-ended Working Group on the post-2020 Global Biodiversity Framework

Monday 26 August, 10:00-13:00
Conference Room 14 (Rooftop), UNON Campus, Nairobi, Kenya

During this workshop, we will discuss how to bridge the gaps to better position Parties to implement, monitor and report on the post-2020 global biodiversity framework. UNDP will share information on the progress Parties are making to use spatial data for national reporting. Representatives from selected countries will showcase their innovative use of spatial data to address conservation and development challenges. The Secretariat of the CBD will emphasize Parties' advancements towards Aichi Biodiversity Targets. After the workshop, and throughout the week, UNDP and UNEP will host a helpdesk that provides technical support to countries working to develop or apply the results of their 6NR.

Agenda

- 10:00 - 10:10 | Opening remarks - Alex Owusu-Biney, UNEP, Portfolio Manager (Biosafety), GEF Coordination
- 10:10 - 10:30 | Progress in using spatial data to help achieve the ABTs and CBD's Strategic Plan - Annie Virnig, UNDP, Coord. for the UN Biodiversity Lab
- 10:30 - 11:15 | Countries presentations on use of spatial data and maps in 6NRs
- 11:15 - 11:45 | Coffee break
- 11:45 - 12:30 | Discussion - How to use Spatial Data to Improve Monitoring and Reporting and feedback about the exercise of preparing the 6NRs
- 12:30 - 12:50 | Assessment of progress towards Aichi Targets and country examples - Lijie Cai, Programme Officer-National Reports, CBD Secretariat
- 12:50 - 13:00 | Helpdesk presentation and conclusions - UNEP, TBD

Please note that the Workshop will take place in English.

For delegates representing UNEP-assisted countries, part of the GEF-funded project "Support to Produce the Sixth National Report to the Convention on Biological Diversity (CBD)", the amount corresponding to 1-day DSA can be allocated, from already disbursed funding, to attend the workshop.
